SUBJECT: REVIEW AND CONCURRENCE: FINAL RULE TO AMEND PART 20,
"RADIATION EXPOSURE REPORTS: MINOR FILING AMENDMENT"

Your concurrence is requested on the attached final rule. This final rule will amend the filing requirements for written event reports submitted to the NRC concerning individuals occupationally overexposed to radiation and radioactive materials. Licensees will be required to clearly label any section of the event report containing personal information "Privacy Act Information: Not for Public Disclosure." This action is necessary to ensure that personal information filed with the NRC is segregated from the event report and maintained in a separate, non-public document.

If you are aware of any other sections in the regulations where personnel information is currently submitted without a requirement for labeling, please let Ms. Merri Horn of my staff know. If other sections need similar revision, we may be able to add it to this rulemaking.
